

Utility winner by regime

	low noise low cost	oracle cost supervisor
	high noise low cost	oracle cost supervisor
	low noise high cost	dwell only
	high noise high cost	deadband only
	asymmetric cost	dwell only
	delayed settling	oracle cost supervisor
	drifting boundary	switch penalty greedy
	model mismatch	oracle cost supervisor
	free switch control	oracle cost supervisor
	over hysteresis trap	switch penalty greedy
